

Section 1211(d) provides that any adjustment to the control level described in 1211(a) cannot take effect until 180 days after receipt of this report by the Congress. Section 1211(e) provides that the removal of a country from the group of countries covered by section 1211(b) cannot take effect until 120 days after the Congress is notified. Given the rapid pace of technological change in the information technology industry, I believe these time periods are too long. I hope that we can work together to reduce both notification periods to 30 days.

I have also directed the Secretary of Commerce to adjust the licensing requirements for Tier 2 and Tier 3 countries. The new level above which an individual license will be required for exports to Tier 2 countries is 45,000 MTOPS. In addition, I have decided to implement a single licensing level for Tier 3: the new level above which an individual license will

be required for exports to Tier 3 countries is 28,000 MTOPS. The aforementioned licensing adjustments will take place immediately.

I look forward to working cooperatively with the Congress on these issues.

Sincerely,

WILLIAM J. CLINTON
